GROWTH OF FAYETTEVILLE STATE NORMAL SCHOOL

Nothing will show the desirability of selecting this institution in which to do either summer school work or to pursue the studies of the regular session, than to give the bare figures revealing how the school has developed by leaps and bounds within the past few years. High school graduates are choosing Fayetteville State Normal in increasing numbers because they find here a comfortable and satisfying school life, and opportunities to develop themselves to the fullest in the art of teaching. The figures given below tell a remarkable story of the rise in the enrollment of Fayetteville State Normal to the point at which it is **THE LARGEST STUDENT BODY AMONG ALL THE COLLEGIATE INSTITUTIONS FOR NEGROES IN NORTH CAROLINA.**

HISTORY

The Fayetteville State Normal School was established by the State Board of Education, under an Act of the General Assembly in 1877, for the purpose of educating teachers for the Negro public schools of North Carolina. It was the first normal school established in North Carolina for any race of people. Robert Harris, whose efficient management of a private school in Fayetteville attracted state-wide attention, became the first principal of the Normal School. Upon his death, three years later, Charles Waddell Chestnut, the noted author, was elected to succeed him. Upon the resignation of Mr. Chestnut, E. E. Smith, then serving as principal of the Goldsboro schools, was chosen as his successor.

The original home of the State Normal School was on a lot on Gillespie Street which had been donated by General O. O. Howard to the colored citizens of Fayetteville to be used for educational purposes. The school moved to Worth Street and to Ashley Heights before reaching its present location in the suburbs on the Murchison Road. In 1907 the legislature appropriated money for the erection of a building. Realizing that the institution would be limited in its growth if the buildings were erected upon a city lot, Principal Smith, backed by leading colored citizens, purchased the present site of fifty acres with his personal funds and deeded the land to the State of North Carolina. This far-seeing and magnanimous act on the part of Dr. Smith was the major factor in the remarkable development of the institution. Under his administration thirteen buildings were erected upon this beautiful site. Dr. E. E. Smith served as president for approximately half a century, save for two leaves of absence; one to serve as United States Minister to Liberia, the other to serve as adjutant in the Spanish-American War. During these periods of his absence, Geo. H. Williams and R. E. Fairly served respectively as principal of the school. President Smith resigned on July 15, 1933, on account of advancing age and waning strength. He died on December 6, 1933. J. W. Seabrook, dean of the institution, was chosen to succeed President Smith when the latter became president-emeritus in July, 1933.

BUILDINGS

THE SMITH ADMINISTRATION BUILDING contains the offices, library, laboratories, auditorium, classrooms and music rooms.

AYCOCK HALL was the main administration building before the erection of the more commodious Smith Administration Building. Its classrooms are still in daily use.

BICKETT HALL is a dormitory with splendid conveniences and appointments, housing approximately 140 young ladies.

JOYNER HALL is the newest dormitory for girls. It is generally conceded to be one of the finest dormitories in the State.

VANCE HALL was formerly a dormitory for young ladies, but is now used by the young men exclusively.

THE H. L. COOK DINING HALL, a real architectural gem, is named in honor of the chairman of the board of trustees.

THE NEWBOLD TRAINING SCHOOL is the laboratory or practice school of the Normal School. It has 16 classrooms, 6 practice rooms, cafeteria, library, teachers' rest room, nurse's room, and an auditorium-gymnasium. It houses 900 elementary school children.

THE LAUNDRY is well equipped, and is operated by steam and by electricity.

THE INDUSTRIAL ARTS BUILDING, as are all the others mentioned above, is of brick construction, and well suited to the purpose for which it was constructed.

In addition to the handsome and durable brick structures mentioned above, there are two teachers' cottages, a residence for the president, and a dairy—all of frame construction, but attractive and serviceable.

An athletic field is now being built upon a site of $7\frac{1}{4}$ acres adjacent to the Normal School campus, said site having been donated by Mrs. Nannie L. Smith, widow of the late president of the institution. It is hoped that a stadium may be erected upon this site in the near future.

NEWBOLD TRAINING SCHOOL

GENERAL INFORMATION

DATE OF OPENING

The regular term begins with the opening of the fall quarter, Monday, September 9, 1935, at 8:30 a. m. Students should plan to enter on the opening day. A late registration fee of \$2 is charged after the first three days. **NO STUDENT IS ADMITTED AFTER THE SECOND WEEK EXCEPT UNDER THE MOST EXCEPTIONAL CIRCUMSTANCES AND WITH THE PRIOR CONSENT OF THE PRESIDENT.** A STUDENT WHO WAITS TOO LATE TO ENTER THE FIRST QUARTER MAY ENTER THE SECOND QUARTER.

EXPENSES

BOARDING STUDENTS—FIRST MONTH

Board and Room—First Month (Including fuel, lights, water)----	\$15.50
Laundry—First Month -----	.75
Quarterly Fee—For first 12 weeks-----	6.00
Athletic Fee—For the entire year-----	2.00
Incidental Fee—For first 12 weeks-----	1.00
Library Fee—For entire year -----	1.00
Medical Examination Fee—For entire year-----	1.00
Laboratory Fee—For those taking science—(For each science)---	3.00
Lyceum Fee—For entire year-----	1.00

Total Fees for the First Month-----\$31.25

After the first month, the student pays \$16.25 a month to cover board, lodging, light, fuel, water, and laundry. In addition, every twelve weeks, the student pays a quarterly fee of \$6 and an incidental fee of \$1. These fees are payable in December and March at the beginning of the second and of the third quarters. The total fee paid to the school during the year by a student is approximately \$175. This does not include books, which cost from \$15 to \$20 per school year. Neither does it include the miscellaneous fees shown below which are paid only by certain groups of students.

EXPENSES

DAY STUDENTS—FIRST QUARTER

Quarterly Fee—For first 12 weeks-----	\$ 6.00
Athletic Fee—For the entire year-----	2.00
Incidental Fee—For first 12 weeks -----	1.00
Library Fee—For entire year-----	1.00
Medical Examination Fee—For entire year-----	1.00
Laboratory Fee—For those taking science (For each science)---	3.00
Service Fee—For first 12 weeks-----	3.00
Lyceum Fee—For entire year-----	1.00

Total Expenses for First Month (day students)-----\$18.00

After the first quarter the total school fee of a day student is \$20—\$6 quarterly fee, \$3 service fee and \$1 incidental fee, payable for the remainder of the year in December and in March at the beginning of the second and of the third quarters respectively. Thus it is seen that the total fees of a day student amount to \$38 for the school year, excluding books and miscellaneous fees.

MISCELLANEOUS FEES

Diploma Fee—For graduates only-----	\$ 2.00
Forwarding a second transcript of a student's record-----	1.00
Music lessons, piano, once a week, per month-----	2.00
Music lessons, piano, twice a week, per month-----	3.00
Use of piano for practice, per month-----	.50
Special Examination—Given other than at regular time-----	1.00
Penalty—Late registration—For entering after third day-----	2.00
Penalty—For absence from class immediately preceding or following a holiday -----	1.00
Penalty—For absence of more than one day following a holiday--	2.00

In addition, special penalties may be exacted for other irregularities and violations, such as improper use of electric appliances, burning lights at night beyond the hour for extinguishing them, and careless damage to property and equipment.

Instead of being required to purchase textbooks, students in the Industrial and Household Arts and in Physical Education may be required to purchase material with which to work. The cost of this material will hardly exceed that of a textbook.

INFORMATION FOR PARENTS

Money for school expenses should be sent by money order or by cashier's check made payable to FAYETTEVILLE STATE NORMAL SCHOOL, and should be mailed in a letter addressed to the *President, State Normal School, Fayetteville, N. C.* Do NOT send personal checks. Receipts will be sent immediately for money paid on students' school expenses. Be sure to send the money to the school and not to the individual student.

A school month consists of four weeks, a quarter consists of twelve weeks, and a school year consists of thirty-six weeks.

No discount in board is made for absences of less than one week.

The moderate rate charged the student for board, lodging, lights, fuel and water makes it necessary for all students to work on the average of one hour per day. If a student desires to be released from this duty work he will be excused upon the payment of three dollars additional per month. If a student's work is unsatisfactory he will be relieved of it and required to pay the three dollars additional.

The buildings in which the students live are of brick construction

and have all modern conveniences, including electric lights, steam heat, and running water. It is doubtful that these conveniences can be obtained at any other standard collegiate institution for less money than is charged at Fayetteville.

Special delivery letters will not reach the school any sooner than any other first-class mail. The money spent on specials is often wasted, because signing for them often causes delay.

Requests from parents for their children to go home on week-ends should be sent at least one week ahead, and should be addressed to the matron of the dormitory or to the president of the school, and NOT sent in a letter to the student. The school authorities do not favor frequent trips home at week-ends, as they disturb the efficient scholastic work and extra-curricular activities of the student. Absences from class preceding or following week-end trips will not be excused save in exceptional cases.

Because of the high cost of food and other commodities, the school authorities are compelled to require prompt payment of all bills due the institution. No appropriation is made by the Legislature to cover the food or housing of students, hence a student who is in arrears is in reality "sponging" upon the students that pay.

TEXTBOOKS

Students are required to own textbooks, and to purchase them at the beginning of the quarter. The prompt purchase of textbooks helps to prevent unsatisfactory work and failures. These books may be purchased at the institution at an approximate cost of fifteen to twenty dollars per school year.

SELF-HELP OPPORTUNITIES

The same low rate of fees referred to above, plus the smallness of the appropriation from the legislature, prevent the Fayetteville State Normal School from offering scholarships or free tuition. There are a few positions given to students that grant a reduction in board and lodging. These positions are given only to students of proved ability, industry and character. If these students do not maintain high efficiency in their work, it is taken from them and given to others more deserving.

WHAT TO BRING

Students furnish their own bedding, hence should bring with them quilts, blankets, sheets, spreads, pillowcases, and bureau scarfs. To this list should be added rubber overshoes, raincoat, or umbrellas. Each article of clothing should be marked with the owner's name in indelible

ink. If the prospective student owns a dictionary by all means he should bring it along.

WHY GO TO FAYETTEVILLE STATE NORMAL?

1. Because in TWO YEARS a student can graduate with a Primary B or Grammar Grade B Certificate, the same certificate that one would get by spending THREE YEARS in a standard liberal arts college. This is due to the fact that Fayetteville State Normal is solely a teacher-training institution, under the direct control of the State Department. Those students that prefer law, medicine, theology, or teaching in the high school field, should go to liberal arts college. Fayetteville prepares teachers for the field in which most of the children are—the public elementary schools.

2. Because in North Carolina the pay of teachers in the elementary schools is on the same basis as that of teachers in the high schools the basis of training, efficiency, and experience, and NOT on the basis of the age of the children taught.

3. Because high school graduates, in rapidly increasing numbers, have been entering Fayetteville State Normal, to take advantage of the superior facilities, well-prepared faculty, and safe and comfortable living conditions existing in this well-known institution for the education of teachers. The enrollment jumped from 4 in 1922 (not counting high school students), to 512 in 1934-35.

4. Because at Fayetteville are found interesting and profitable student clubs, and inspiring religious organizations.

Note: The State Department is contemplating extending the course of study to three years instead of two, in the near future. When the course is extended at Fayetteville it will also be extended at the other state schools.

ADMISSION REQUIREMENTS

Each applicant must be a graduate of an approved high school in North Carolina, or of a high school outside the State rated as equivalent, must be recommended by his or her former principal as a fit candidate for the teaching profession, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

ADVANCED STANDING

Students that have completed work elsewhere equivalent to that done in the First Year Class here are admitted into the Second Year. Cases in which the work is only approximately equivalent require the making up of deficiency or deficiencies in summer school. Usually, six summer schools are considered equal to the work of the First Year, provided the proper subjects have been taken.

Students from institutions of a type different from Fayetteville State Normal, such as liberal arts colleges, should attend summer school at Fayetteville before entering the Second Year Class.

The entire Senior year must be spent in residence in order to obtain the normal diploma.

WITHDRAWAL

A student who finds it necessary to leave the institution before the end of the school year should make arrangements with the registrar and with the bursar for honorable dismissal.

GRADUATION REQUIREMENTS

Graduation is based upon the satisfactory completion of either the Primary or Grammar Grade Curriculum. The requirements are measured in terms of quarter-hours, ninety-six (96) quarter hours being the minimum requirement for graduation. A quarter-hour is a recitation to which full credit is given, occurring once a week for a period of twelve weeks. A minimum of sixteen (16) quarter-hours' credit should be earned each quarter.

IN ADDITION BEFORE A STUDENT IS RECOMMENDED FOR GRADUATION, HIS RECORD MUST SHOW THAT MORE THAN ONE-HALF OF HIS CREDITS ARE ABOVE THE LOWEST PASSING GRADE, "D," AND THAT HIS MORAL CHARACTER AND PERSONAL TRAITS WARRANT THE INSTITUTION'S RECOMMENDING HIM TO THE STATE DEPARTMENT AS A SUITABLE PERSON TO RECEIVE A TEACHER'S CERTIFICATE.

Prerequisites of Student Teaching are the passing successfully of all the work of the First Year Class, the evincing of reasonable mastery of the subjects of the elementary field, and the securing of a satisfactory score on a selected standard test. Student that do poorly in practice teaching may be stopped at any time so as to prevent injury to the children of the training school.

NOTE: 134 quarter hours may be required for graduation if and when the State Department raises the course of study to three years. When this lengthening of the course is made at Fayetteville, it will also be made at the other state institutions.

DIPLOMA AND CERTIFICATE

Upon graduation, a Diploma will be awarded. Furthermore, upon the basis of graduation the State Department of Public Instruction will issue a Primary or Grammar Grade Certificate Class B, in accordance with the particular curriculum completed.

A certificate for teaching in the schools of North Carolina will be issued only to those applicants that are 18 years of age or over.

ABSENCES

Students are expected to attend regularly all classes, assemblies and chapel exercises. Irregular attendance will lower the scholarship and trait rating of the students and may result in causing them to fail.

RATING AND STANDARDIZATION—NORMAL SCHOOL
AND TRAINING SCHOOL

Fayetteville State Normal School is rated as a standard normal school (junior teachers college) by the State Department of Public Instruction. Its graduates receive standard state certificates entitling them to teach in the public schools. In addition, its graduates are accepted into the senior college division of the Winston-Salem Teachers College and of other four-year teachers colleges.

The Newbold Training School is one of the best elementary schools for colored children in the State. It will meet all the requirements of a standard elementary school, at the close of the 1934-35 session. This school is the laboratory and practice school of the Normal School. In it the students gain practical knowledge of teaching under the guidance of expert supervisors. It maintains the same relation to the Normal School that the hospital does to the medical college.

WHO SHOULD ATTEND NORMAL SCHOOL?

Fayetteville State Normal seeks only students with intellectual ability, common sense, good health, excellent character and personality, and with a genuine interest in the work of teaching. These high school graduates with no special guiding purpose, who are looking merely for some college where they may "go off to school," should not attempt to join the young people of Fayetteville that are preparing so earnestly for one of the noblest of all the professions. Friends of education are asked to recommend to Fayetteville only those young people that seem to constitute good teacher material.

RELIGIOUS ACTIVITIES

The religious activities of the school are nonsectarian. The daily chapel exercises consist of prayer, responsive Scripture reading, and singing.

The instruction in the Sunday School aims to inspire right conduct based upon the principles of the Bible.

The two student organizations—the Y. M. C. A. and the Y. W. C. A.—are factors of inestimable value in the development of Christian character.

The Vesper Services, which are held Sunday afternoons, aim to develop the spiritual life of the students.

Every year there is a week set apart as Spiritual Emphasis Week. The service of a visiting clergyman is secured in an effort to elevate the religious and spiritual tone of the campus.

STUDENT LIFE AND ACTIVITIES

Some play is interspersed with the work at State Normal. Athletics plays an important part in the life of the school. The State Basketball Tournament for the southeastern section is held here in the handsome gymnasium of the Newbold Training School. Tennis rivals basketball in popularity. Some time and attention are given, also, to football, baseball and track. The football team was especially successful during the past year. Out of 9 games played it lost 2 only.

The two sexes meet together in social gatherings frequently, under conditions that are wholesome, and with adequate supervision from the faculty social committee.

MARKING SYSTEM

A—Excellent
B—Good
C—Fair
D—Poor

E—Failure
I—Incomplete
X—Absent from Examination
D—Dropped

Examinations, combined with the daily work, determine the mark earned by a student. Absences from class tend to lower the mark of a student. A failure in a subject can be removed only by repeating the subject in class and doing creditable work therein.

ALUMNI ASSOCIATION

There is an active Alumni Association which co-operates heartily with the Administration in all efforts to advance the interest of the school.

OFFICERS

E. A. Armstrong, President	Dorothy Murphy, Secretary
Robert Watson, Vice-President	Eunice Sherman, Asst. Secretary
J. T. Saunders, Treasurer	

THE E. E. SMITH MONUMENT FUND

The Alumni Association is appealing to all former students and to the citizens in general to contribute to the erection of a monument to a great North Carolinian, Ezekiel Ezra Smith. The director of the drive to raise \$2,000 for this purpose is E. A. Armstrong, President of the Alumni Association. The acting treasurer is the President of the Fayetteville State Normal School. The depository of the funds is

the First Citizens Bank and Trust Company, Fayetteville.

The funds collected are not to be spent except for the purpose of erecting said monument, and only with the advice and consent of the Board of Trustees and of the State Department.

The good citizens of North Carolina, both white and colored, are rallying splendidly to this worthy movement. As this catalogue goes to press, \$900 is on deposit in the First Citizens Bank toward the erection of this monument.

EXTENSION SERVICE

State Normal School conducts extension centers in various cities for the further training of teachers in service. During the past year, extension classes were held at Fayetteville, Wilmington, Warsaw, Clinton, Lillington, Whiteville, and Elizabethtown.

SUMMER SCHOOL

In order to improve the teachers actively in service, the institution has conducted for many years a Summer School. The value of this school has been attested by the large numbers that attend each year.

In this school the teacher may get credit for two summer schools during one summer; and if she holds a State certificate and had previously graduated from a standard high school, may secure credits toward Normal School graduation.

The Summer School Bulletin, giving full information, will be mailed upon request.

Primary B and Grammar Grade B Certificate holders are now admitted into the Fayetteville summer school. This arrangement permits the graduates to return to their Alma Mater for further study.
